Donald I. Bard, G2 VSAREUR Liaison Office, OCA, American Embassy

SUBJECT, Scott

Born 29 April 1906 in LOMBOD, Hungary

Residing at 208 or 320 E. 70th St., New York, N. Y.

U. S. Passport #4-9667, issued by Department of State on 22 June 1954,  
valid until 6 July 1958

1. Liaison officer has been advised by Department 1, Amt fuer Sicherheit der Bundeswehr (AFSdB - Office for the Security of the West German Armed Forces), formerly MAD in the Federal Ministry for Defense (FMD) that SUBJECT, a US citizen, recently appeared at the FMD requesting information on communist subversive activities in West Germany. It is alleged that SUBJECT desires this information for the purpose of publishing it along with other information in an unknown New York newspaper that will depict Germany as an outpost of democracy. It is not known if SUBJECT's presence in Germany is being sponsored by an official government or private agency; however, the FMD reported that SUBJECT is a member of the Free Europe Committee.

2. Due to the nature of SUBJECT's request for information and his subsequent appearance at the Office for the Security of the West German Armed Forces in quest of same, that agency accomplished a file check of SUBJECT with West German intelligence and security agencies. Information made available to the AFSdB revealed that SUBJECT was employed at the Hungarian Embassy in MILANO, Italy, for an unknown period of time until 1945 when that city was occupied by US troops. SUBJECT was interned by American forces for a short period of time and then released. From 1945 until 1948 he was employed by the American forces as an interpreter-translator in MILANO, Italy, SALZBURG, Austria, and MUNICH, Germany. In 1949 he immigrated to the United States and established residence in New York City. His residence is at 208 or 320 E. 70th St., New York, N. Y. According to the AFSdB, SUBJECT was formerly acquainted with a (fnu) FUY and a Bola aka Bola JAVAS, both Hungarian Nationals allegedly employed by the Hungarian Intelligence Service. Additional information available to the AFSdB alleges that SUBJECT possesses leftist tendencies; however, they do not have sufficient information to bear out this allegation.

3. In view of the foregoing, the AFSdB has requested all available information on SUBJECT and his acquaintances which might possibly aid that agency in determining SUBJECT's political orientation prior to releasing non-sensitive information to him.

4. Request liaison officer be provided as soon as possible with available information on SUBJECT with emphasis on his political proclivities; identification of (fnu) FUY and Bola or Bola JAVAS, and available information on both; and SUBJECT's degree of association with both FUY and JAVAS, suitable for release to the Office for the Security of the West German Forces.
